Big Things Ahead for Our Waterski & Wakeboard Development Squads...

Our development team is gearing up for an incredible season ahead, and we can't wait to share what's in store.

We're thrilled to confirm the return of our hugely successful Waterski Development Squad, with dates officially announced and sessions ready to go!

Under the expert leadership of Chris Heron, our Waterski development programme is launching a series of dynamic coaching clinics focused on tricking and jumping — with special guest coaches lined up to bring fresh skills and insights to the water.

But that's not all... Wakeboarders, get ready! Development squads for both cable and boat wakeboarding are launching soon, led by the amazing Tegan Brady. With support from our newly appointed Coach Mentors, these sessions promise to be packed with progression, support and good vibes.

It's truly inspiring to see so many young athletes stepping into the sport and shining — and we're beyond excited to watch this season unfold. Let's make it unforgettable!

JUMP CLINIC

Thanks to the support of Friends of Tournament we were thrilled to offer a FREE Jump Clinic to all WWS members. This was open to all abilities from beginners looking to learn to ride a pair of jump skis to athletes looking to refine their technique and/or ramp work. This was also open to drivers seeking to learn to drive from jump.

Following this great success we are delighted to announce our date for this year's Jump Clinic on Saturday 21st June 2025, the best part again is that this is FREE OF CHARGE. Get in touch to register your interest.

TRICK CLINIC

Over the years we have been able to offer highly successful Trick Clinics. Suitable for all abilities, for those that wish to get up on a trick ski and try it for the first time, to athletes wanting to perfect their trick run, learn some new tricks or even practice driving people through their trick runs and learning to pin.

What's even better, like our jump clinics, this will be FREE OF CHARGE to WWS members.
