

FACILITIES

Newsletter

The availability for people to have opportunities to take part in our sports is something that we are focused on ensuring continues. We are exceptionally proud of the standard of facilities that are available to members and the general public across Scotland.

Whether you are into wakeboarding, wakesurfing or waterskiing (boat or cable) whether that be slalom, jump or trick you are not far from a site that can accommodate you.

We are particularly proud of our National Training Site, based at Town Loch in Dunfermline, as it continues to grow its reputation as one of the leading 3-event waterski sites in the UK. Last year saw us host our first international rankings event in over a decade. We are excited to see what fantastic events and programmes the site will host in 2025.

TOWN LOCH - 3 EVENT SITE

We are very proud of our National Training Site at Town Loch in Dunfermline. This is currently the only 3-event waterski site in Scotland. The site boasts industry leading facilities internally and externally. Also available at the site:-

🚣 - Full International rankings and record capable 3-event courses (slalom, trick and jump)

🚣 - Elite 3-event coaching with tournament qualified driver

🚣 - Speed Boat Driver (SBD) qualifications - SBD1, SBD2, SDB3 (Advanced, Slalom and Tournament) & International Certificate of Competence (ICC)

🚣 - Level 1 & 2 Waterski and Wakeboard coaching qualifications

Get in touch, pop in for a visit, check out our social media or visit our website www.townloch.com to learn more.

Scottish Sites

We have many fantastic sites and facilities across Scotland for all disciplines of our sports.

Please see below for a map of all our affiliated and partner sites. More information and how to get in touch with the sites can be found on our website.
